

PC SOLUTIONS FOR YOUR TELEMETRY NEEDS

DMTS-4001
PCI Dual Multi-Band
Integrated Telemetry Receiver

MFT-800
Dual Stream Multifunction
PCIe Telemetry Module

Use of U.S. DoD imagery does not imply or constitute DoD endorsement. F-35 photo courtesy of Lockheed Martin.

L-3's multi-band telemetry receivers and PCM telemetry systems have capabilities ideally suited for quick-look applications, flight-line checkout systems and portable configurations. A rich, robust and proven set of embedded functions can be applied to a wide variety of data communications solutions. For more information, go to L-3com.com/Telemetry.
